

Bloody Revolutions Fail: Now Is The Time For Peace

Editor's Pick. Written by Jared Bachman.

Every violent revolution in history has been a failure.

I understand that you're probably doubting that. Many Americans have been misled to believe in successful revolutions in history. The American Revolution is considered a success by many. We're often told that the brave rebels stood up to the unethical king across the ocean. It can be easy to nitpick through revolutions and say that one was a good one and that was a bad one, but have they really lived up to the dreams of their promoters? More importantly, did they really help the world become a better place?
