

Cover Your Ass

Nobody asked but ...

Now I get it. First, Mitch McConnell made a speech criticizing POTUS, then POTUS tweeted some insults directed toward Majority Leader McConnell. This is an elaborate dance. Now both POTUS and MLOTSOTUS have reciprocal excuses. Congress is not moving efficiently and effectively. The Oval Office is not coordinating cohesively. Both luminaries have their heads stuck up their own elimination canal, but each would have you believe that there is another orifice attached to a body not moving fast enough.
