

To Anyone With Kids

Writes Robert Phillips, on my book *Everything Voluntary*:

I was already familiar with the Voluntaryist argument for anti-statism, freed-market economics, etc.-and this book certainly did them justice. However, the reason I picked it up was to read the essays on non-violent parenting and unschooling. I found it very compelling; and so, I highly recommend this book to anyone with, or thinking of having, kids.

Thanks Robert!

Skyler.
