

Always Do Right

Nobody asked but ...

Mark Twain said, “Always do right. This will gratify some people and astonish the rest.” It will likely astonish you the most.

Here are some ways, as I see it, to do right:

- Seek out good people. They will treat you well and you will respond.
- It will not hurt to tolerate others.
- Keep an open mind.
- Understand where you are among others, in the midst of nature, in the universe.
- Think of the possibilities.
- Know that all phenomena are vast.
- Perceive facts.
- Appreciate reality
- Look at connections.
- And so forth ...
