

# Anarcho-Capitalist Perspectives on Left Anarchism

A redditor recently asked for sources of anarcho-capitalist perspectives on [what I call] left anarchism, the ideologies of anarcho-communism, -socialism, -syndicalism, libertarian-socialism, and the like. I shared several and thought I'd list them here as well. This page will be kept updated as I discover new sources. Enjoy!

- Bryan Caplan's "Anarchist Theory FAQ"
