

# Andrew Napolitano: Nation of Sheep (48m)

This episode features a talk by by former Federal judge and libertarian Andrew Napolitano from 2008. He discusses how the federal government has circumvented the Constitution and is systematically dismantling the rights and freedoms that are the foundation of American democracy. He challenges Americans to recognize that they are being led down a very dangerous path and that the cost of following without challenge is the loss of the basic freedoms that facilitate our pursuit of happiness and that define us as a nation. He asks the simple question, which are *you*, a sheep or a wolf? Do you blindly follow behind where you are led, or do you challenge the government at every pass, forcing it to make decisions that will protect our freedoms?
