

Have the Balls to Admit Your Bigotry

There are a number of people who are xenophobic, nationalist, racist dumbasses, who want the violence of “government” used to keep everyone away who isn’t quite like them. However, in that category are two types: 1) those who openly admit what they think and what they condone, and; 2) those who use “code” rhetoric, intentionally speak in vague euphemisms, and pretend to not be what they are. I can’t decide which I like less.

At least the overt neo-Nazis are honest and blunt about their insecurity-complex, state-worshiping pack mentality agenda. To add cowardice and dishonesty on top of that, where the supposed rebel badasses don’t even have the balls to openly *say* what they advocate and what they believe, somehow makes it even worse. So if what you *mean* is, “I want anyone who doesn’t look like me to be forcibly expelled from this continent!” then at least have the balls to *say* it.
