

# Clarification of Misnomer Terminology

You're not "woke." You're blind, and living in a dream-land.

You're not "progressive." You're *RE*-gressive. You're anti-progress. You actively seek the *destruction of* progress and freedoms that have taken literally thousands of years of bloodshed, toil, suffering, and sacrifice to bring even this far.

You don't believe in "social justice." You believe in plunder, thievery, oppression, and the violent chimera of Marxism.

You're not "liberal." Not in any sense of that word. You are an authoritarian. A communist. A tyrant. A hater of free markets, free people, and self-determination.

Just a little much-needed clarification.
