

Divide and Conquer Bullshit

So when they get done taking away guns from felons, those accused of domestic violence, those with medical marijuana cards, those under age 21, and anyone who might possibly ever suffer from depression, do you *really* think that they won't come after yours too? How stupid do you have to be to fall for this divide-and-conquer bullshit?

The right to keep and bear arms applies to every human being without exception, and the violation of anyone's rights is a violation of everyone's rights. To condone the confiscation of anyone's arms by the state is to endorse the confiscation of arms as a legitimate power of the state. How can self-described "gun rights supporters" be so blind?
