

Everything-Voluntary Book Project

I've decided to publish a book covering the topics here at Everything-Voluntary. I've began gathering articles to consider for inclusion. I'll keep this page updated with my progress.

I'll be self-publishing via createspaces.com for trade (Amazon.com, libraries, etc.) and for Kindle. I will format this page to list the table of contents with URL access to the original articles, and make a PDF available for free.

To see where I'm at so far, view my Google Docs spreadsheet [here](#). The topics are separated by sheets at the bottom.

To suggest an article, please email everythingvoluntary@gmail.com.
