

Freedom and Benefit, Toxic Workplace, Tax Avoidance, & Capitalist Ideology (25m) - Episode 422

Episode 422 has Skyler giving his commentary on the following entries to r/shitstatistssay: DizzFizz writes, "It's interesting to see how a lot of US-citizens will bend over backwards in order to argue against something that would only benefit them, simply because of 'freedom'"; anonymous writes, "What your niece did is right, it just unfortunately means you (and workers) suffered."; bickerstaff writes, "Reagan ruined this country. By creating the notion (now foundational to the GOP) that government was not the solution, but the problem, he gave birth to the modern 'starve the beast' movement that is currently the largest problem in politics: tax avoidance."; Pascal Morimacil writes, "Capitalism is... a system of government granted monopolies called private property."
