

IRS Pays Bonuses to Tax-Delinquents

I don't think anybody owes taxes to anybody else. Ever. But this story out of the *LA Times* is hilarious for it's irony. The US Internal Revenue Service paid 1,100 tax-delinquent employees bonuses for performance. "Though you owe us taxes, and you *will* pay come hell or high water, here's a bonus that's funded by taxes you helped us collect." *facepalm*

Skyler.
