

Is Property Theft?

Written by Less Antman for the Center for a Stateless Society.

“Property is Theft!” was the battle cry of one prominent French anarchist in the 19th century. “Au contraire, mon frère,” retorted another. “Property is Liberty!” “You’re both wrong,” said a third. “Property is Impossible!” How such people got along with each other is amazing. More so, since it was the same man, Pierre Proudhon, who said all three.

All anarchists support property rights, including those who oppose property rights. And all anarchists oppose property rights, including those who support property rights. Context is everything. So are definitions.
