

It's OK To Be Me and It's OK To Be You

It's OK to be "white".

It's OK to be male.

It's OK to be heterosexual.

To believe otherwise is *dumb*. To punish someone for saying so is evil.

But wait, there's more!

It's OK to be "black" or any other "race".

It's OK to be female or a hermaphrodite.

It's OK to be homosexual or whatever.

None of the above categories or distinctions are important. It doesn't matter if you are "white", "black", female, male, heterosexual, homosexual, or anything else. Not one bit.

What *is* important is that **it's NOT OK** to be an archator of any sort. Not ever.

It's hard to believe this is even controversial. That saying such things can get a person in trouble. I'll own the truth and accept the trouble.
