Episode 378 has Skyler giving his commentary on the following topics from r/blackpeopletwitter and r/whitepeopletwitter: America adapting to the COVID-19 pandemic instead of behaving autocratically and “eliminating” it completely; AIER.org article on Federal Court ruling pandemic orders unconstitutional; soldiers having better rules of engagement than American police officers; assumptions about booing at the Kansas City Chiefs home opening and the politicization of sports; realizing that school is about control and punishment instead of education; and the novel idea that one of the presidential debates should be a round of Jeopardy with relevant answer topics.
