

Lawrence Reed: Challenging the Myths of Progressivism (1h6m)

This episode features a talk by President Emeritus of both the Foundation for Economic Education and the Mackinac Center for Public Policy Lawrence Reed from 2015. There's little truly "progressive" about Progressivism. True progress happens when humans are free, yet the Progressive agenda substantially diminishes freedom while promising the unachievable. Based on his 2015 book, *Excuse Me, Professor*, Reed tackles a number of the most common economic, philosophic and historical errors of "progressive" ideology.
