

# Norman Horn Endorses Everything Voluntary

“Skyler Collins has assembled a great panoply of voluntaryist literature for the curious reader. From the basics of ethics to the details of parenting, these collected essays have the potential to change your entire perspective on life itself — for the better!” - **Norman Horn**, PhD in chemical engineering, founder and chief editor of [LibertarianChristians.com](http://LibertarianChristians.com), and blogger at [The Libertarian Standard](http://TheLibertarianStandard.com).
