

Plagiarism

Nobody asked but ...

I'll start with a little self-plagiarism by citing Kilgore Forelle in a post to the Facebook group, Another 2000+ Libertarian Quotes:

No preordained economic system achieves one-size-fits-all without violent authoritarianism.

— Kilgore Forelle

This, above, is plagiarism. It just depends on how badly your antagonists want to get you between a rock and a hard place. The content, however, might be based on a lifetime of observation.

SCOTUS is totally dependent on self-plagiarism, which includes mosaic plagiarism, in fact they have codified, and re-codified every conceivable form of plagiarism to bring it under the rubric of “findings.”

For us to live under Roe v Wade for more than 49 years has no more justification than to live under its reversal for an unknown length of time. Seemingly, no branch of government can intervene.
