

# Private Censorship, Bootlickers, Forcing Dishonesty, & Free Country (21m) - Episode 327

Episode 327 has Skyler giving his commentary on the following topics: attacking social media censorship on intellectual property protection grounds; repeating the state's demands is it's own form of bootlicking; forcing your children to offer an insincere apology is teaching them to lie; do we live in a free county of public discourse is dominated by politics?; and more. (Please excuse the audio anomaly that occurs in the middle. This happens when I put my phone to close to my recorder, I've discovered.)
