Nobody asked but ...

Parrish, you are right in that it is sneaking up on us. But the politicians have been running amok with their law and order demagoguery for nearly 50 years. Again, I am reading Radley Balko's new book, "Rise of the Warrior Cop: The Militarization of America's Police Forces" and the record that is presented there is stupefying. This ties into a problem I have seen for some time, politicians have 24/7/365 to work their haywire wills on an innocent populace. The rest of us have real life responsibilities. We cannot be constantly herding cats.
