

# Six Dangerous Miseducation Lessons You Should Unlearn Immediately

*Editor's Pick. Written by Todd Walker for Survival Sherpa.*

Schools teach many things. These dangerous lessons may not be explicitly taught, but they are definitely 'caught' by every student – even parents. Good or bad depends which side of the desk you're on.

As an insider, I'm giving you my top six most dangerous lessons that need to be destroyed before the coming chaos. Before sending me angry comments that this is just another teacher bash session, honestly explore the list with your school aged children or grandchildren at the dinner table. You may be convinced, if they're allowed to talk freely. As I've said before many times, I work with some of the most dedicated, selfless, and knowledgeable teachers who aren't allowed to do the job they are passionate about – to teach.

Ready to be un-schooled? Warning: Unlearning these lessons carry a heavy price tag. But the freedom you discover is priceless.
