

# The Evil of Two Lessers

Nobody asked but ...

Here we are, more than 13 months from the next POTUS election, and the oligarchs have already limited our choices to zero. The incumbent is an incompetent, crazed liar, and the challenger field has reduced itself to three incompetent, crazed liars. In very short order, we will have the evil of two lessers. As a friend once pointed out, the top of the manure pile is no better than the rest.
