

Who Knew?

Nobody asked but ...

Who knew that Condoleeza Rice would run for the US Senate? Just when you thought you were safe from the Bush years, eh? Just when you found out that Jeb! was suspending his campaign (known around the water cooler as quitting), heh heh. Condi invented such infamous and timeless lines as “Who knew that the enemy would use airplanes to fly into our buildings?” and “Who knew that Hamas would be elected after we staged a ‘democratic’ election?” Who knew that she couldn’t stay away from the fair?
